Much benefit has resulted to corn, beans, gardens and range grasses, also to second crop alfalfa in north-ern countles. Some damage to the latter is still reported by insects, but mostly by grasshoppers.

Threshing continues, also wheat and out barvest in the higher northern districts, and a second crop of alfalfa is progressing slowly in southern counties. The condition of stock is the condition of st counties. The condition of stock is following statement from Helen S. good, and with the renewal of growth Williams, of Marsfield, Mass.: and the water supply, the outlook for stockmen is excellent. Additional re-August until heavy frost, I have been ports continue to be received of the afflicted with hay fever, growing light calf crop in northeast countles, worse and worse each year, until of

The Albuquerque report, made by late years I was unable to attend to J. G. Mora, is as follows: Rather hot my work during that period, week, with some rain: crops looking "Last summer I fortunately gave nearby mountains,

considerable heavy rain on Hyomel a trial, and I am happy to A Warning to Mothers.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule, it is only necessary to give the child a dose of caster oil to correct any disorders of the bowels. Do not use any substitute, but give the old-flashioned castor oil, and see that it is fresh as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels, give Chamberiain's Colle, Cholera and Diarrhoe remedy, and then a dose of caster oil, and the disease may be checked in its inciplency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use, as soon as the first indication of any bowel trouble appears. This is the most successful treatment known, and may be relied upon with implicit confidence, even in cases of cholera infantum. For sale by all dealers.

Women Obtain Mrs. Pinkham's Advice and Help.

She Has Guided Thousands to Health .-How Lydia E. Pinkham's Vegetable Compound Cured Mrs. Fred Seydel.

It is a great satisfaction for a woman to feel that she can write to another telling her the most private and confidential details about her illness, and know that her letter will be seen by a woman only, a wo-man full of sympathy for her sick sisters, and

above all, a woman who has had more experience in treating female ills Over one hundred thousand cases of female diseases come before Mrs. Pinkham every year, some personally, others by mail, and this has been going on for twenty years, day after day. Surely women are wise in seeking advice from a woman of such experience, especially when it is absolutely

Mrs. Pinkham never violates the confidence of women, and every testimo-nial letter published is done so with the written consent or request of the writer, in order that other sick women may be benefited as they have been. Mrs. Fred Seydel, of 412 North 54th Street, West Philadelphia, Pa., writes:

Street, West Philadelphia, Pa., writes:
Dear Mrs. Pinkham:—
"Over a year ago I wrote you a letter asking advice, as I had female ills and could not carry a child to maturity. I received your kind letter of instructions and followed your advice. I am not only a well woman in consequence, but have a beautiful baby girl. I wish every suffering woman in the land would write you for advice, as you have done so much for me."

Just as surely as Mrs. Seydel was cured, will Lydia E. Pinkham's Vegetable Compound cure every woman suffering from any form of female ills.

No other medicine in all the world has such a record of cures of female troubles as has Lydia E. Pinkham's Vegetable Compound. Therefore no prudent woman will accept any substi-tute which a druggist may offer. If you are sick, write Mrs. Pinkham, Lynn, Mass, for special advice. It is free and always helpful.
